Paving Operation

Monday, October 13, 2025 - Thursday, October 16, 2025

North Arch St., North Baldwin St., North Harrison St., Fairfax Ave., Miller St., Fairview St., and surrounding areas:

Beginning Monday, October 13, 2025 and potentially lasting until Thursday October 16, 2025, Village contracted crews will be paving the final layer of asphalt roadway on North Arch St., North Baldwin St., North Harrison St., Fairfax Ave., Miller St., and parts of Fairview St.

Traffic will be **strictly limited to LOCAL traffic only** but expect road closures at times with traffic control and timely delays. Access to driveways will also be affected once the paving process begins on each particular road.

We will need ALL parked cars removed from working locations by 6 AM on the listed working days. Resident vehicles will be allowed to park on the road from the end of the work day until 6 am the following morning. If vehicles are not moved from the roadway where work is being completed, they will be towed at the owner's expense.

***Note:** Parts of Harry L Drive, will also be affected by this construction.

Once the roadway is Paved, Rolled and Cured, residents will be allowed to park back on the street. (This is Controlled by the Paving Contractor)
