*Contact: Water Department (607) 797-2523*

---

**WATER MAIN BREAK - WEST OF REYNOLDS ROAD & NORTH OF AETNA ROAD**

**FRIDAY, FEBRUARY 7, 2025**

Water service will be temporarily restored through the weekend until a permanent repair can be completed early next week for the following areas in the Village of Johnson City:

Oakdale Road, north of Aetna Road  
Overbrook Road, west of Reynolds  
All of Nelson Road  
Fernwood Ave and Ivy Place, north of Aetna Road  
West end of Fernwood Avenue both sides.  
Francis Street

Due to these circumstances the effected customers of the Johnson City Water system are being asked to boil their water prior to consumption.

Bring all water to a boil, let it boil for one minute and let it cool before using, or use bottled water. Boiled or bottled water should be used for drinking, making ice, brushing teeth, washing dishes and food preparation until further notice. Boiling kills bacteria and other organisms that may be in the water.

Customers will be notified when you no longer need to boil your water.

More updates will be given as they become available.

Joshua Holland  
Director of Public Services
