INSTRUCTIONS TO BIDDERS

BACKGROUND

The Village of Johnson City is generating remarkable momentum, as evidenced by the Village's designation as an iDistrict. An iDistrict, short for Innovation District, is a geographic area where cutting-edge, high-tech anchor institutions and companies cluster and connect with startups, business incubators and accelerators. As such, the Village was awarded Round 6 Downtown Revitalization Initiative (DRI) funds for fifteen (15) public and private projects in the municipal urban core, including the reconceptualization of Wilbrow Alley into a vibrant public space.

This concept complements existing New York State economic development strategies supporting Placemaking and Downtown Revitalization where physically compact areas are accessible by multiple modes of transport, contain mixed uses and public spaces, and spur job creation and innovation. The Round 6 DRI award allows for the redesign of downtown Johnson City to bring this development into fruition and the DRI Strategic Investment Plan into reality.

For this particular project, the Village seeks a qualified firm to assess, reimagine, design, and manage construction for Wilbrow Alley, turning the existing access road into a pedestrian public space. A more detailed project description and conceptual renderings are attached as Appendix A.

8. Transform Wilbrow Alley into a Pedestrian Public Place

DRI Funding Request and Total Project Cost

DRI Funding Request:	\$652,000
Total Project Cost:	\$652,000
% of Total Project Cost:	100%

Project Description

This project transforms Wilbrow Alley near Main Street from a vehicular service alley into a pedestrian public gathering place adjacent to local businesses. This major new attraction will help bring area employees, residents, and visitors to Main Street and help support local businesses.

The entire alley includes about 7,000 square feet of space. Key capital improvements include the replacement of the stormwater system under the alley and connecting roof drain pipes from adjacent buildings to the new stormwater drainage system. Aesthetic enhancements will be included such as pavers in lieu of asphalt paving, photovoltaic-powered rope lights to illuminate the alley, murals, flower displays, repainted buildings, new permanent seating, planters, signage, and other artwork. A new garbage enclosure adjacent to Broad Street will enable restaurants to continue operation while concealing waste cans from view. Some parking spaces will also be reconfigured.

One of the Village's goals is to revitalize its Main Street. The Village requires a new attraction to draw people to its shops. Currently, very few pedestrians walk along Main Street. This lack of foot traffic on Main Street results in many vacant shops. While Binghamton University, the Firehouse Stage, and UHS Wilson Hospital bring many employees and visitors into the downtown, few of them visit Main Street. Wilbrow Alley is located in a core block of Main Street between Willow Street and Broad Street and its transformation into a public gathering space could draw a broad group of individuals to Main Street. This DRI project turns the alley into a place for the community to enjoy at lunchtime, happy hour, evenings, and weekend events. Its design is based on successful examples of social and entertainment-oriented retail spaces such as Armory Square in Syracuse and other successful alley conversions in Denver and San Francisco.

Wilbrow Alley is located adjacent to the back of several Main Street businesses. Several existing businesses have kitchens and rear entrances on the alley and have the ability to sell food and drink out of these rear entrances. Having choices of food and drink will allow the alley to become a place for many people to gather. The project has the potential to directly support several existing businesses adjacent to the alley and the resulting activity could help reactivate two vacant adjacent shops on the alley and benefit multiple blocks of Main Street.

Project Location

Wilbrow Alley is strategically located near the center of Main Street between Willow Street and Broad Street. It is directly adjacent to the rear of several Main Street businesses.

Project Sponsor

The Village of Johnson City is the project sponsor.

Property Ownership

The Village of Johnson City owns Wilbrow Alley.

Capacity

The Village of Johnson City will hire a consultant to complete the proposed project. Village staff have experience administering State and other grant funds and managing an extensive portfolio of community revitalization projects. The Village will oversee project design and construction and will maintain the alley.

Project Partners

Most businesses adjacent to the alley have indicated strong support for the alley's transformation. They may contribute furnishings to the alley such as seating, tables, and potted plants. They may also contribute to maintenance.

Revitalization Strategies

A well-designed attraction next to Main Street will help bring visitors, residents, and individuals to Main Street and help support local businesses. The project aligns with the following DRI Goals and Strategies:

REDC Strategy 3. Health Care 2000...Integrating Healthcare Providers, Higher Education and Cutting-Edge Technology

REDC Strategy 5. Strengthen the Southern Tier's Economic Development Backbone

Goal 1: Maintain the heritage of Johnson City and its strong sense of local community.

- Create a 24-hour community with a mix of housing, retail, workplaces, and cultural venues.
- Create a walkable network of streets that link all parts of the downtown.
- Support community services that improve the quality of life for residents.

Goal 2: Restore Main Street's historic character and pedestrian-oriented environment, and establish it as a regional center for a variety of shops and businesses.

- Restore older buildings and fill vacant commercial spaces.
- Promote small businesses in the area.
- Accommodate people with disabilities.

Goal 3: Increase the variety of public and open spaces in Johnson City.

- Create outdoor social gathering, seating, and dining spaces.
- Increase areas for recreational activities.
- Enhance streetscapes through improved sidewalks, green infrastructure, lighting, and public art.

Goal 4: Build upon Johnson City's successes in the Health and Cultural Innovation District.

- Provide amenities that encourage quality of life and safety of employees and students.
- Grow Johnson City's brand as a regional center of creativity, arts, entertainment, and culture.
- Grow capacity for events in downtown.
- Support venues for arts and culture.
- Incorporate sustainable practices in all aspects of Village redevelopment efforts.

Decarbonization

The project's new outdoor light systems are anticipated to be powered with a small solar photovoltaic array. The lighting will be low voltage LED that has relatively low levels of power consumption.

Resiliency

The building is not located in any known risk areas for floods or other events, so no identified resiliency strategies are incorporated into the project design at this point. It will incorporate new stormwater drainage systems.

Project Synergies

The project works together with other DRI revitalization projects to support Main Street as a whole. The DRI Enhance Downtown Streets and Gateways project is designed to improve pedestrian infrastructure between the employment centers and Main Street and to facilitate visitation to Wilbrow Alley, and other portions of the downtown. This series of projects focuses on fostering foot traffic in the Main Street Area, attracting numerous employees at area businesses who are within walking distance, and supporting individual businesses on Main Street. Other DRI projects that will support and complement this project are:

- DRI Projects include renovations of multiple Main Street buildings. These DRI projects are 254 Main Street, 271 Main Street, 240 Main Street, and 214 Main Street. The improvements of several portions of downtown pedestrian infrastructure will work with the Wilbrow Alley project to improve Main Street.
- Multiple projects proposed for the DRI Small Project Fund are façade renovation projects along Main Street that also support the Village's overall goal of improving Main Street.
- The project is aligned with the DRI Enhance Parks and Public Spaces project, which is also designed to improve visitation to Downtown and improve the pedestrian infrastructure and connectivity in the DRI area.

Public Support

In public surveys, 83% of respondents indicated medium to high support for the project, indicating very strong public support. A considerable number of residents are enthusiastic about the initiative, viewing it as innovative, aesthetically pleasing, and economically valuable. They appreciate the project's creativity and potential to create an attractive, people-pleasing destination that could boost foot traffic, enhance the adjacent businesses, and provide a safe gathering place, especially for young people.

Project Budget

Activity	Amount	Funding Source	Status of Funds
Design and Construction	\$652,000	DRI	Requested
Total DRI Funding Requested	\$652,000		
Total Funding from Other Sources	\$0		
Total Project Cost	\$652,000		
% Requested of Total Project Cost	100%		

Budget Narrative

The project budget was prepared by Trophy Point Construction Service, a member of the DRI consultant team. Trophy Point provides services for construction cost estimating. The estimates are derived from multiple drawings prepared by the consultant team. The project budget includes a 15% contingency.

Economic Impacts from Proposed Project			
	Direct Output	Indirect Output	Induced Output
Net New Jobs	\$2,184,000	\$850,000	\$996,000
Total Development	\$5,679,000	\$2,321,000	\$3,002,000

Project Feasibility and Impact

The project is feasible. The construction required is not complex and the property is controlled by the Village of Johnson City.

The project should have a positive impact on Main Street businesses. A well-designed attraction next to Main Street will help bring visitors, residents, and individuals who work at nearby employment centers to Main Street and help support local businesses.

Economic analysis provided by BJH Advisors LLC suggests the project would generate ongoing fiscal benefits for Johnson City and New York State. Using IMPLAN modeling, there would be an additional 23 jobs created at Wilbrow Alley and approximately 88 total employees. Under this build scenario, the project would generate \$2.0 million annually in fiscal revenues including \$0.7 million generated by new jobs. The total economic impact of the project would be approximately \$11 million.

The project will directly support several existing businesses adjacent to the alley and will help reopen two vacant adjacent shops on the alley. The project should not only benefit adjacent businesses but also create a major destination that could benefit multiple blocks of Main Street.

Regulatory Requirements

The project complies with existing zoning. The project will require construction permits for pavement, stormwater management upgrades, lighting, and electrical connections.

Overall Economic and Fiscal Impacts			
	Total Jobs	Total Economic Impacts	Total Fiscal Impacts
Net New Jobs	23	\$4,029,000	\$651,000
Total Development	88	\$11,001,000	\$2,025,000

Iranian Energy Sector Divestment Certification:

Please be advised that, The Iran Divestment Act of 2012 (effective April 12, 2012) is codified at State Finance Law("SFL") 165-a and General Municipal Law ("GML") Section 103-9. The Iran Divestment Act, with certain exceptions, prohibits the Municipality from entering into contracts with persons engaged in investment activities in the energy sector of Iran. Each bidder is required to certify at the time it submits its bid that it is not on a list of entities engaged in investment activities in Iran created by the Commissioner of the NYS Office of General Services pursuant to the State Finance Law.

Each bidder must hereby represent that said bidder is in compliance with New York State General Municipal Law Section 103-g entitled "Iranian Energy Sector Divestment". The bidder must affirm that, pursuant to Iranian Energy Sector Divestment Law, that bidder has not invested more than \$20 million in the Iranian energy sector.

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies and in the case of a joint bid, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief, that each bidder is not on the list created pursuant to NYS Finance Law Section 165-a(3)(b).

The bidder shall submit a signed, notarized and dated Iranian Energy Sector Divestment Certification with its bid. Said certificate is a requirement of Section 103-g of the General Municipal Law. The Certification starts below.

A bid shall not be considered for award nor shall any award be made where the bidder fails to submit a signed and verified bidder's certification.

Certification Pursuant to Section 103-g of General Municipal Law
IRANIAN ENERGY SECTOR DIVESTMENT

1. Bidder hereby represents that said bidder is in compliance with New York State General Municipal Law Section 103-g entitled "Iranian Energy Sector Divestment", in that said Bidder has not:

- a) Provided goods or services of \$20 million or more in the energy sector of Iran including but not limited to the provision of oil or liquefied natural gas tankers or products used to construct or maintain pipelines used to transport oil or liquefied natural gas for the energy sector of Iran; or
- b) Acted as a financial institution and extended \$20 million or more in credit to another person for forty-five (45) days or more, if that person's intent was to use the credit to provide goods or services in the energy sector in Iran.

2. Any Bidder who has undertaken any of the above and is identified on a list created pursuant to Section 165-a (3) (b) of the New York State Finance Law as a person engaging in investment activities in Iran, shall not be deemed a responsible bidder pursuant to Section 103 of the New York State General Municipal Law.

3. Except as otherwise specifically provided herein, every contractor submitting a bid in response to this request for bids must certify and affirm the following under penalties of perjury:

- a) "By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each bidder is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the state finance law"

4. Except as otherwise specifically provided herein, any bid that is submitted without having complied with subdivision (a) above, shall not be considered for award. In any case where the bidder cannot make the certification as set forth in subdivision (a) above, the bidder shall so state and shall furnish with the bid a signed statement setting forth in detail the reasons therefore. The Municipality reserves its rights, in accordance with General Municipal Law Section 103-g to award the bid to any bidder who cannot make the certification, on a case-by-case basis under the following circumstances:

a) The investment activities in Iran were made before April 12, 2012, the investment activities in Iran have not been expanded or renewed after April 12, 2012 and the bidder has adopted, publicized and is implementing a formal plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran; or

b) The Municipality has made a determination that the goods or services are necessary for the Municipality to perform its functions and that, absent such an exemption, the Municipality would be unable to obtain the goods or services for which the bid is offered. Such determination shall be made by the Municipality in writing and shall be a public document.

BIDDER'S CERTIFICATION:

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each bidder is not on the list created pursuant to paragraph (b) of subdivision 3 of section 165-a of the state finance law.

I am unable to certify that my name and the name of the bidder does not appear on the list created pursuant to paragraph (b) of subdivision 3 of Section 165-a of the State Finance Law. I have attached a signed statement setting forth, in detail, why I cannot so certify.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

IF the entity/person on line 1 is a(n) . . .	THEN check the box for . . .

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer.
